On November 30, 2005 the Company issued a press release announcing its plans to implement a restructuring initiative over the next few quarters. The Company plans to (i) eliminate organizational redundancies, (ii) revamp administrative support functions, (iii) prioritize investments to favor profitable initiatives and markets, and (iv) increase efficiencies in the supply chain process. The Company expects to incur a total cost of \$15 to \$25 million on a pre-tax basis over the next few quarters to implement these initiatives.

The Company's analysis is preliminary and therefore is subject to change. The Company plans to announce further details as the plans are finalized. At this time, the Company is not able in good faith to make a determination of the estimated amount or range of amounts to be incurred for each major type of cost nor the charges and future cash expenditures associated therewith. The Company will file amendments to this report as necessary after it makes a determination of such amounts.
